Sources for gear:

Army/Navy

Gives discounts on gear (stoves, tents, packs) to scouts
Discount does not apply to clothing. Reasonably priced.
Has good selection of boots and socks

Sports Authority
Campmor

OK for routine car or state park type camping. Not much backpacking stuff.
www.campmor.com (this is one of my favorites; large selection of all kinds of quality gear and clothing, reasonably priced)

REI

www.rei.com (no experience with them, but they are reputable and have a large selection) more expensive than campmor.

Eastern Mountain Sports

Very good gear, but very expensive! They have a 20% off sale once a year. If you can get stuff then, it's not too bad.

Nestor's

Similar to EMS; very good stuff, but almost as expensive.
